

# Where heritage meets modern artistry

Catalogue 2025 | 1<sup>st</sup> edition

# LAAN

Inspired by the Quranic verse “وَأَلْنَا لَهُ الْخَدِيدَ” (“We made iron pliable for him”), LAAN embodies the harmonious blend of resilience and refined craftsmanship. We believe in celebrating cultural heritage through the enduring strength of steel, shaping it into luxurious home décor that seamlessly merges the past with the present. By embedding Arabic and Farsi calligraphy into sleek, contemporary forms, our pieces stand as testaments to both tradition and innovation, resonating deeply with the cultural values of the Middle East while appealing to global tastes.

Each of our collections carries its own distinct narrative. **Hob wa Hayat (Love and Life)** speaks of warmth, optimism, and the essential joy of living, while **Al Qalb wal Rooh (Heart and Soul)** symbolizes the core of human emotion—our spiritual depths and heartfelt connections.

**Ishq (Passion)** channels fervor and intensity, celebrating the power of desire and devotion.

Meanwhile, **Athar (Trail)** highlights the imprints we leave on the world, reminding us that every mark—whether physical or emotional—is part of our shared journey.

From thoughtfully curated designs to bespoke commissions, customization lies at the heart of LAAN’s vision. We work closely with clients to craft on-demand, one-of-a-kind pieces; forging a unique dialogue between space and spirit. Our commitment to exceptional quality ensures that every item reflects the richness of Middle Eastern heritage, wrapped in a modern aesthetic.

At LAAN, our vision is also rooted in the art of blending steel with a variety of materials to beautifully showcase our heritage through diverse product lines. To bring this vision to life, we collaborate closely with local artisans and craftsmen, combining their expertise with materials like marble, stone, bamboo, fabric, glass, wood, and many more to create truly exceptional pieces.

By merging strength and artistry, LAAN transforms steel into refined statements of beauty and meaning. We invite you to explore our collections and discover how our designs can elevate your home and architectural spaces, bringing warmth, luxury, and cultural depth into any environment.
