**kada**  
creative, design.

Only when working with a good chair,  
you can have the power to immerse  
yourself in creating new opportunities.  
'kada' was born as a result of the long  
design and research on 'seating'. The  
design philosophy of 'kada' is to make  
a chair that is faithful to the basics.

If you are looking for a good chair,  
there is 'kada'

**sit in joy, kada**

K40 series has been developed to enhance the seating experience through ongoing research and development by Kada. Specifically, the K40 is designed to provide natural support to the waist, with the seatrest achieving the optimal thickness and hardness. The k40 series, a complete product of simple and minimal design, offers a great pleasure and satisfaction in the experience of "sitting."

K40 series

K20 is characterized as a minimalist by its simple design, but a very smart chair having its minimum options an office chair should have, the Weight Balance Tilt that automatically adjusts the back/seat tilting tension in response to the weight of users, the refined style and the various color options of back & seat.

K20 series

KADA chairs add more value to the various spaces. The design concept of K30 and K30S are going together, but it goes a separate way as per the usage. You can make brighter and more beautiful office space in the same space with various KADA chairs.

K30 series

K30 series

Create a meeting space  
in various ways with K30S  
The K30S series, which  
has a variety of line-up,  
is very suitable when  
you need a chair which is  
easily movable and quiet,  
for example, meeting  
space at school, company,  
bank or library.

K30 series

K55 series is newly created by preserving its beautiful design and finding the best material. The urethane foam backrest that surrounds the whole body offers a sensation of sitting on a soft cloud. K55 drastically eliminated complex features to focus more on the basics of "sitting". It also has designed to optimize visual and spatial aesthetics. Experience the newly upgraded and comfortable K55 for yourself.

K55 series
