ABOUT FUSED

FUSED

Our business revolves around utilizing 3D printing technology to craft exceptional home lighting fixtures and artwork that blend art and culture seamlessly. We draw inspiration from diverse traditions to create contemporary pieces, achieving precision and creativity with this technology. Our creations are not only aesthetically appealing but also sustainable, reflecting a fusion of culture and innovation.

MISSION

To use our expertise in 3D printing to create products that are beautiful, functional, and sustainable. We believe that 3D printing has the potential to revolutionize the way we design, manufacture, and consume products, and we are committed to leading the way in this transformation.

VISION

To be the leading provider of 3D printed light and products, providing our customers with innovative and high-quality products that meet their needs.

WE DESIGN THE FUTURE FOR YOU

In 2020, the Fused brand was established to produce unique furniture pieces with an innovative, modern character through the use of 3D printing technology and sustainable materials.

DESIGNS FROM OUR HERITAGE

Thanks to our attention to fine details and choosing a variety of designs that reflect our Arab heritage and identity, we at Fused are proud to manufacture all of our products here in the Kingdom of Saudi Arabia.

DISTINCTIVE AND UNIQUE PIECES

We care about providing high-quality products with a unique imprint and we strive to maintain excellence in every step of the additive manufacturing process.

A black lamp with a conical base and a cylindrical shade. The shade features a sepia-toned portrait of a woman wearing a headscarf and a patterned garment. The lamp is set against a light blue textured wall. To the right, a portion of a green plant and a white object are visible.
